Thank you for what you do for all our communities!

These are the items of interest most people are here for when staying at accommodations in Manti.

Biking trails that connect all the towns would be awesome.

I put things higher on the list that aren't typically advertised in our county. Everyone knows about the fair, Rat Fink, holiday event, etc. I'd like lesser known activities advertised more so that our community sees that we have more to offer than what they know.

More pedestrian/bike trails connecting communities

Quit advertising the mountains! It is beyond crowded. Keep Sanpete rural!

Local places to RV and stay

Sanpete needs to diversify sports tournaments to include sports other than baseball.
